## ANNUAL REPORT.

---

PURSUANT to the eleventh article of the Association, the Managers present herewith a report of their doings for the past year.

This report will be sent to all the Banks in New England, *prior* to the annual meeting, for examination.

Banks not members we invite to join us, as they may at any time, under the second article of the Association.

At the first Meeting of the Board of Managers, elected at the last annual meeting of the Association, an assessment of five dollars on each one hundred thousand dollars of capital stock was laid upon the Banks, pursuant to the second article of the Association.

Subsequently, circulars were sent to all the Banks, in New England, and, in Massachusetts, one hundred and thirteen Banks responded by paying their annual assessment.

P. C. HOWLAND, Cashier Merchants' Bank, New Bedford.

## AUDITOR :

GEO. W. THAYER, President Exchange Bank, Boston.

Of the Banks in the other New England States, eighty-four became members, out of about four hundred.

The Bank of Geneva, in the State of New York, and the Bank of Quebec, at Quebec, are members, making, in all, one hundred and ninety-nine Banks now members of the Association.

Last year the number was two hundred and twelve, showing a decrease the present year of thirteen.

The Board of Managers have held five meetings, as usual, the past year, at which reports have been made of the doings of the Executive Committee, and their doings have been unanimously approved.

The Executive Committee have held *thirty meetings* during the past year, at which the various subjects affecting the interests of the Banks and the protection of the currency, have been presented, discussed and acted upon, besides giving special directions and authority concerning our various operations in different localities.

This care, supervision and direction of the Executive Committee is constant, as new subjects and plans of operation are continually being brought to their notice for consideration.

The foregoing described articles were mostly taken from a trunk found by the Officers of the Granite Bank, Boston, in its vaults, supposed to have been accumulated under the management of a preceeding association, for the detection of Counterfeiters, whose Treasurer was President of the Granite Bank, and deceased several years since.

Many of the foregoing Plates and Dies were of the first class order of workmanship, highly finished, and fully equal in perfection, to some of our *best* genuine Bank Note Plates, now in use.

The Managers continue to offer rewards for the

conviction and *sentence* of engravers of plates for counterfeit Bank Notes and dies for altering the same, also for uttering counterfeit Bank Notes, as it continues to be an inducement to Police Officers, detectives and other persons, in all sections of the country, to arrest and cause to be sentenced this class of persons, who otherwise, in most cases, would probably go unpunished.

Since September first, we have paid fifty dollars for each person sentenced for passing counterfeit money of any Bank *belonging to the Association*, and propose to continue paying the same; and twenty-five dollars, as heretofore, for sentences for passing counterfeit money of ANY New-England Banks.

From January 1st to December 31st, 1860, thirty-nine persons were convicted and sentenced, as will appear by the following list:

An Association for the suppression of counterfeiting, has, during the last year, been formed in the city of Philadelphia, on the same general plan as our association, with a strong and effective organization of officers, with articles of association and rules for the government of the board of managers, similar to ours, assesses its members the same, and pays rewards of twenty-five dollars each, for causing sentences for counterfeiting on Banks that are members of its association.

Up to September 15th, seventy-two Banks had become members in Pennsylvania, New Jersey, Delaware and Maryland, representing capitals, in the aggregate, amounting to about \$23,000,000.

Thus far "the central association" of Banks has been very successful, having sentenced several notorious persons that HAVE BEEN PREYING UPON

its Banks for several years, by means of forged checks and other counterfeiting operations.

We hope that all the Banks in the States above named will contribute the small assessment required to become members of the Association, and thus enable it effectively to exterminate the counterfeiters in the middle States, as we are satisfied that it cannot be done except by a *combined* association, which can operate just as well in one section of the State or county as another, and at much less expense than by any individual operation.

We hope the great banking interest of the State of New York will combine and form an association the coming year, which would greatly aid every other association now at work, and, with all, operating harmoniously together for the accomplishment of one purpose, the business of counterfeiting would be considered so dangerous by its operators that it would necessarily decrease.

The Board of Managers are again called upon to ask the Banks of New England, — as so small a portion have become members the past year — to examine the results of our labors and ask themselves this question: Have we done our duty to ourselves and the community around us by contributing a small quota of the means necessary to carry on this

work of preventing counterfeits on the bills we ask our customers to circulate as currency? If not, we hope you will join us the coming year, as we are more and more satisfied every year, that this great work of protection to our issues can only be carried on successfully by the *united action* of the Banks in furnishing the means to carry out our plans and giving us also your countenance and advice in regard to operations that may be deemed necessary in your various localities.

The Legislature of Massachusetts renewed its grant of fifteen hundred dollars, for the year 1860, provided the Association expended three times that sum; which shows that our State not only recognizes the necessity of our organization and its confidence in our mode of action, but continues willing to aid in protecting the community from the various frauds of counterfeiting Bank Notes, the issue of which, as currency, is authorized by its Statutes, and from which right to issue Bank Notes, the State receives by tax, a very large proportion of its ordinary revenue.

The Managers would again call the attention of the Banks in Massachusetts to the provision of the General Statutes, chapter 57, sections 61 and 62, which makes it *obligatory upon every Bank* to "write upon or stamp any bill or bills as pre-

scribed," or "forfeit and pay the full amount of the bill or bills allowed to pass without being so written upon or stamped."

The provision of law, here referred to, is very *generally enforced*, and we hope every Bank in the Commonwealth will adhere strictly to the requirements of the two sections above named, which, in our opinion, will decrease largely the circulation of counterfeit Bank Notes.

In addition to answering the requirements of the law on this subject, we think that the community generally have the right to expect of Bank officers a *faithful discharge of their duty*, because *they* are supposed to know what bills are counterfeit and what bills are genuine; and if counterfeit notes are permitted to pass through the hands of Bank officers and not marked, it is not only countenancing their passage by interested parties, but it is also countenancing and aiding fraud upon a community unacquainted with modes of detecting spurious money, the effect of which is, in the end, to destroy the confidence necessary to enable Banks to circulate their notes to any considerable extent.

We hope, therefore, that this duty will be cheerfully performed by all Bank Officers throughout the Commonwealth.
